# EXPANDED COLOR CONTROL

- **TO FINE TUNE COLORS & CREATE GRADIENT LIGHTING PRESETS** tap "Expanded Color Control" at top of Color Control

- **TO FINE TUNE COLORS** use Color Wheel & sliders (not shown). Tap "Save as Preset" to save

- **TO CREATE GRADIENT LIGHTING PRESETS** – lighting presets that will automatically cycle through chosen colors - tap "Gradient Creator" at top left

- **TO ADD COLORS TO GRADIENT** tap the (+) icon. Choose colors from Color Wheel or saved colors from Presets. Tap (+) icon beside color squares to add colors

- **TO ADJUST COLOR SPACING** tap, hold & drag colors; to delete a color, tap & hold

- **TO REFRESH, PREVIEW & SAVE** use icons in order beside "Gradient Builder" at top
