

CUSTOMIZING ONE-TOUCH CONTROLS

- **TAP MENU** icon in upper left & tap “Administrator Portal.” Enter: 8675309 when prompted to login
- **TAP “APP CONFIGURATION”**: Below Tech Portal, tap “Configure” beside “One-Touch Configuration”
- **TAP “REMOVE A CONTROL”** at top, & tap to remove an unwanted option from the left below “One-Touch Controls.” Repeat for all unwanted options
- **FIND DESIRED OPTION(S)** at right. Available options are noted with a “+” symbol to the right. Tap the (+) symbol beside the desired option to add
- **TO SAVE CHANGES** tap “Save Configuration” at top. **TO RESTORE DEFAULT** tap “Build Default” at top. Tap Menu icon & tap to return to Tech Portal
